Faith Over Fear for Healing

On April 10, 2026, Lori Van Steen was diagnosed with Triple Negative Breast Cancer (TNBC), an aggressive form of breast cancer that requires immediate treatment. Rather than planning their next adventure together, Lori and her husband, Donnie, are now focused on the fight ahead.

This fundraiser was created by Lori's daughter, Arien Whitehead, to help ease the financial burden of treatment, travel, and related medical expenses so her mom can focus on healing. Lori has chosen to pursue an out-of-state treatment plan that reflects her personal convictions and is not covered by insurance.

Lori has spent her life quietly serving others—always showing up for family, friends, and her community with love and compassion. Now it's our turn to stand beside her.

Every donation, every share, and every prayer brings hope, lightens the burden, and reminds Lori and her family that they are not walking this journey alone. Thank you for supporting Lori with faith, love, and encouragement during this difficult time.

Every Donation, Every Share, and Every Prayer Matters.
